## INTRODUCTION

The purpose of the Long-Term Care Insurance Experience Reporting Forms is to monitor and provide data specific to this coverage. Long-term care (LTC) expenses may be paid through life policies, annuity contracts and health contracts. When the long-term benefits portion of the contract is subject to rating rules based on the Long-Term Care Insurance Model Regulation (sections on required disclosure or rating practices to customers, loss ratio and premium rate increases), the adequacy of the pricing and reserve assumptions is critical to meeting the expectation of those sections.

For life or annuity products where no portion is subject to these rating rules, the products are not being included in the reporting in these forms. Companies may use an assumption that long-term care benefits that are “incidental” regardless of the date of issue, may be excluded. Incidental means that the value of long-term care benefits provided is less than ten percent (10%) of the total value of the benefits provided over the life of the policy (measured as of the date of issue).

In 2009, the NAIC replaced the prior forms (Forms A, B and C) with Forms 1, 2, 3, 4 and 5. Forms A, B, and C monitored compliance with lifetime loss ratio standards by comparing actual to anticipated loss percentages. A ratio of actual-to-expected loss percentages of 1.00 would be a rough indication that the experience is on track to produce the lifetime anticipated loss percentage.

Starting in 2020, Forms 1 through 5 incorporate considerable changes in structure and purpose. As such, great care should be taken when comparing results from this report with results from prior published reports.

Form 1 gives an overview of the stand-alone LTC business and claims experience for both individual and group policies. Form 2 focuses on the experience of individual policies broken down into three Primary Issue Periods: Prior to 2003, 2003-2010, and 2011 and later. Form 4 focuses on the experience of group business. Form 5 provides a location to report data at the state level and additionally asks for data related to hybrid life or annuity products with LTC extended and/or accelerated benefits.

Form 3 data is not included in this report; however, this data is available for purchase. To purchase this data, please contact [ldp@naic.org](mailto:ldp@naic.org) or 816-783-8300.

## Qualifications

Long-Term Care Insurance Experience Reporting Forms were incorporated for the 2009 financial filing year, and insurers were asked to complete both the original and current forms. The 2010 Long-Term Care Insurance Experience Report was the first to be based on Forms 1, 2, 3, 4 and 5. Long-Term Care Insurance Experience Reports from years prior to 2010 are based on Forms A, B and C.

The accuracy of the reports depends on the accuracy of the information contained in the exhibits filed by the insurers. Even though the data elements used to prepare the reports are extracted from exhibits filed with the NAIC, the NAIC cannot guarantee their accuracy.

While the NAIC exercises a great deal of care in capturing data from these exhibits and producing these reports, as with any statistical project of a significant magnitude, errors can occur. Consequently, the NAIC makes no representations or warranties with respect to the accuracy of the data and statistics in these reports, and it recommends that extreme caution be used in the analysis of these data.

Please send any questions regarding this report to [researchrequest@naic.org](mailto:researchrequest@naic.org). Links to this report and other NAIC reports can be found on the NAIC website at: [NAIC Publications](#).

**LONG-TERM CARE INSURANCE EXPERIENCE  
FORM 1**

## **Reporting Form 1 Nationwide-Level Reporting**

Form 1 is intended to track actual premium, claims, persistency, and reserves on a nationwide basis. Yearly and cumulative comparisons for direct, assumed, and ceded business are exhibited.

The current row refers to the current calendar year of reporting. The total inception-to-date would include aggregate experience data since the issuance of policies. Assumed/ceded rows do not include yearly renewable term (YRT) reinsurance transactions. For columns that are reported as "Number of" (count) rather than an amount, assumed/ceded business is only recorded if business is 100% coinsured.

The Long-Term Care Reporting forms should be filed whenever long-term care insurance (LTCI) has been sold, regardless of which annual statement has been filed. The three annual statement types are: 1) life, accident, and health; 2) property/casualty (P/C); and 3) health.

Beginning in 2019, life and fraternal companies began using the same quarterly and annual reporting forms. Additional rows and columns were added to the life financial statements to accommodate reporting of fraternal organizations, and the fraternal quarterly and annual reporting forms were retired.

For the 2023 reporting year, a total of 168 companies filed Form 1:

128	Life, Accident, and Health
12	P/C
28	Health

*(Narrative taken from Explanatory Notes for the Long-Term Care Insurance Experience Reporting Forms supplemental instructions for the Annual Statement Reporting Forms. Refer to the appropriate Annual Statement Instructions for complete instructions and narrative. Company counts are derived from Annual Statement Reports filed with the NAIC for the 2022 reporting year.)*

**LONG-TERM CARE INSURANCE EXPERIENCE  
FORM 2**

## Reporting Form 2 Nationwide-Level Reporting

The purpose of Form 2 is to provide data on direct individual long-term care (LTC) experience. Data are to be reported by base policy form. Rider forms will be reported with the base forms to which they are attached. Only summary data by reporting year is illustrated.

Experience data for each policy should be included in one of the three primary issue year periods shown on the experience form. It would be permissible for a company to include 100% of a policy form's experience in just one of the three primary issue year periods (using the issue year period where the majority of the policies were originally issued). It would also be permissible for a company to split a policy form's experience by issue year into multiple primary issue year periods shown in the form based upon policy issue year.

The current row refers to the current calendar year of reporting. The total inception-to-date would include aggregate experience data since the issuance of policies. Comprehensive policies provide a combination of institutional or facility and non-institutional coverage. This includes institutional-only policies with non-institutional riders.

The Long-Term Care Reporting forms should be filed whenever long-term care insurance (LTCI) has been sold, regardless of which annual statement has been filed. The three annual statement types are: 1) life, accident, and health; 2) property/casualty (P/C); and 3) health.

Beginning in 2019, life and fraternal companies began using the same quarterly and annual reporting forms. Additional rows and columns were added to the life financial statements to accommodate reporting of fraternal organizations, and the fraternal quarterly and annual reporting forms were retired.

For the 2023 reporting year, a total of 150 companies filed Form 2:

112	Life, Accident, and Health
10	Health

*(Narrative taken from Explanatory Notes for the Long-Term Care Insurance Experience Reporting Forms supplemental instructions for the Annual Statement Reporting Forms. Refer to the appropriate Annual Statement Instructions for complete instructions and narrative. Company counts are derived from Annual Statement Reports filed with the NAIC for the 2022 reporting year.)*

**LONG-TERM CARE INSURANCE EXPERIENCE  
FORM 4**

## **Reporting Form 4 Nationwide-Level Reporting**

Form 4 provides data on direct group long-term care (LTC) experience. Data are to be reported by base policy form. Rider forms will be reported with the base forms to which they are attached. Only summary data by reporting year is illustrated.

The current row refers to the current calendar year of reporting. The total inception-to-date would include aggregate experience data since the issuance of policies. Comprehensive policies provide a combination of institutional or facility and non-institutional coverage. This includes institutional-only policies with non-institutional riders.

The Long-Term Care Reporting forms should be filed whenever long-term care insurance (LTCI) has been sold, regardless of which annual statement has been filed. The three annual statement types are: 1) life, accident, and health; 2) property/casualty (P/C); and 3) health.

Beginning in 2019, life and fraternal companies began using the same quarterly and annual reporting forms. Additional rows and columns were added to the life financial statements to accommodate reporting of fraternal organizations, and the fraternal quarterly and annual reporting forms were retired.

For the 2023 reporting year, a total of 68 companies filed Form 4:

51	Life, Accident, and Health
5	P/C
12	Health

*Forms supplemental instructions for the Annual Statement Reporting Forms. Refer to the appropriate Annual Statement Instructions for complete instructions and narrative. Company counts are derived from Annual Statement Reports filed with the NAIC for the 2022 reporting year.)*

**LONG-TERM CARE INSURANCE EXPERIENCE  
FORM 5**

## Reporting Form 5 State-Level Reporting

Form 5 provides long-term care (LTC) sales and claims experience on a state-by-state basis. These are the state's portion of a number of statistics reported on a nationwide basis elsewhere in these experience forms. Form 5 also includes data on products that include extension of and/or acceleration of LTC benefits on life policies or annuity contracts.

The current row refers to the current calendar year of reporting. The total inception-to-date would include aggregate experience data since the issuance of policies. Stand-alone LTC is an LTC product sold by itself and not as a rider on another type of insurance. LTC hybrid accelerated benefits riders are attached to life insurance or annuity products that allow for a benefit to be claimed upon the occurrence of an LTC need at the cost of reduction in the death benefit or annuity payout benefit. LTC hybrid extended benefit riders are attached to life insurance or annuity products that allow for a benefit to be claimed above and beyond the initial benefit amount in the event that all accelerated benefits have been claimed and the insured is still in need of LTC services.

The Long-Term Care Reporting forms should be filed whenever long-term care insurance (LTCI) has been sold, regardless of which annual statement has been filed. The three annual statement types are: 1) life, accident, and health; 2) property/casualty (P/C); and 3) health.

Beginning in 2019, life and fraternal companies began using the same quarterly and annual reporting forms. Additional rows and columns were added to the life financial statements to accommodate reporting of fraternal organizations, and the fraternal quarterly and annual reporting forms were retired.

For the 2023 reporting year, a total of 18 companies filed Form 5:

18	Life, Accident, and Health
0	P/C
0	Health

*(Narrative taken from [Explanatory Notes for the Long-Term Care Insurance Experience Reporting Forms](#) supplemental instructions for the Annual Statement Reporting Forms. Refer to the appropriate [Annual Statement Instructions](#) for complete instructions and narrative. Company counts are derived from Annual Statement Reports filed with the NAIC for the 2022 reporting year.)*
